

Pesticide Truths

Municipal Prohibition Failures In British Columbia – Golden – 2017 12 24

December 24, 2017 WILLIAM H GATHERCOLE AND NORAH G

Overview

Major Study Of British Columbia's Anti-Pesticide Municipal By-Laws

The Failures Of Prohibition Against The Use Of Conventional Pest Control Products Used In The Urban Landscape

Municipal Prohibitions Allow Inconsistent & Unfair Exception Statutes

A major study of British Columbia's anti-pesticide by-laws has concluded that municipal prohibitions are DISMAL FAILURES.

This is because municipal officials are now circumventing their own prohibitions by taking advantage of EXCEPTION STATUSES that they have conveniently inserted in their by-laws.

Municipal prohibitions have provided inconsistent & unfair EXCEPTION STATUSES for invasive weeds & destructive insects — for municipal properties and even residential homes — but NOT for lawn care businesses.

Consequently, municipal prohibitions have annihilated legitimate & tax-paying businesses that operate in the professional lawn care industry.

These businesses CANNOT afford the hardship & the cost of this #@!!% prohibition nonsense.

Once any prohibition is adopted, local businesses are expected to disappear into oblivion within 2 or 3 years, and vast numbers of workers are expected to become unemployed.

Additionally, for those residents with the same pest problems on their home properties, they may be shxt-outta-luck relying on ANY exception.

Without conventional pest control products, home properties have become pest-infested and dangerous garbage dumps because it is impossible to control invasive weeds and destructive insects by using so-called green alternative pesticides & practices.

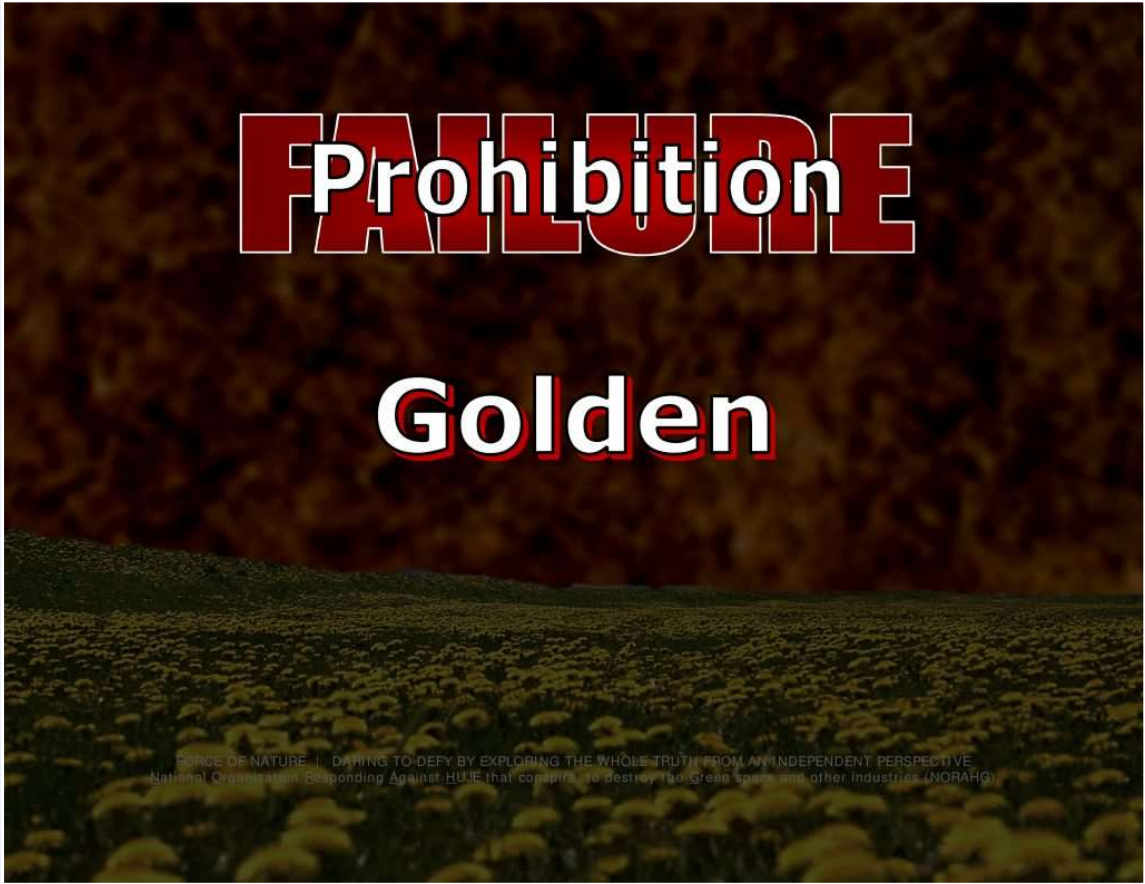

Municipal prohibitions have led to catastrophic pest carnage for tens of thousands of destroyed and ravaged properties every single year.

British Columbia's municipal EXCEPTION STATUSES represent the best examples of the failures, the ridiculousness, and the destructiveness of their anti-pesticide prohibitions.

Municipal prohibitions have been disgustingly arbitrary in their flagrant discrimination against professional lawn care businesses and home properties ! In order to be consistent & fair, there should be NO #@!!% EXCEPTION STATUSES whatsoever !

The results of this major study of British Columbia's anti-pesticide by-laws now includes ... Gibsons, Golden, and Kamloops.

See the following segments.

A wide-angle photograph of a vast field of yellow flowers, possibly daisies, stretching towards a distant horizon. The sky above is dark and filled with heavy, swirling clouds, suggesting an approaching storm or a dramatic, ominous atmosphere. The overall color palette is dominated by the yellow of the flowers and the dark, moody tones of the sky.

Golden's By-Law 1244 To Regulate The Non-Essential Use Of Pesticides

<http://pesticidetruths.com/wp-content/uploads/2016/12/Prohibition-By-Law-Gibsons-BC-2005-03-19-By-Law-996-To-Regulate-Pesticides.pdf>

GOLDEN – IMPOSITION OF PROHIBITION

On October 5th, 2010, town of Golden legislated & imposed its reckless & arbitrary prohibition against conventional pest control products used on town-owned green spaces.

In the following year, this fanatical & unnecessary life-style choice was also imposed against residential properties beginning April 1st, 2011.

Golden is a town in south-eastern British Columbia, located between Calgary, Alberta, and Vancouver, with a population of less than 4000.

GOLDEN — EXCEPTION STATUSES FOR URBAN FORESTS

Golden's Prohibition Has Provided Inconsistent & Unfair Exception Statutes For Urban Forests

An EXCEPTION STATUS has been provided by Golden to « *address an economic or environmental threat to URBAN FORESTS* ».

This exception demonstrates Golden's councillors' contradictions & hypocrisy by implying that pest control products are safe to use on urban forests, and yet, the very same products are somehow unsafe when used on residential properties.

Clearly, this EXCEPTION STATUS has been designed to allow the use of conventional insecticides on town-owned green spaces, like trees that are INFESTED with Gypsy Moth Insects, which must be controlled annually.

Furthermore, any pest INFESTATION on private property would be arbitrarily & politically defined in the harshest manner possible by Golden's town staff.

Unfortunately, residents are shxt-outta-luck with protecting their private properties.

Golden's pesticide-hating officials will NEVER agree to allow the annual application of conventional insecticides for the control of INFESTATION of ANY destructive insects like Gypsy Moth !

Golden's provision for this EXCEPTION STATUS represents the best example of the failure & the ridiculousness of its fanabxcal-prohibition.

Town councillors have been allowing pest control applications WHEN IT ARBITRARILY SUITS THEM !

GOLDEN – EXCEPTION STATUSES FOR PUBLIC INFRA-STRUCTURES

Golden's Prohibition Has Provided An Inconsistent & Unfair Exception Statutes For Town-Owned Infra-Structures

Incredibly, more EXCEPTION STATUSES have been provided to Golden's town staff for « *PUBLIC INFRA-STRUCTURE* », which means ...

... built structures and amenities on public land including, but not limited to, roads, curbs, gutters, sidewalks, retaining walls, dykes, foundations, outdoor playing surfaces, parking lots, and gathering areas.

However, Golden's fanatxcal-prohibition ...

... DOES NOT apply to the use or application of a pesticide ... used to protect PUBLIC INFRA-STRUCTURE.

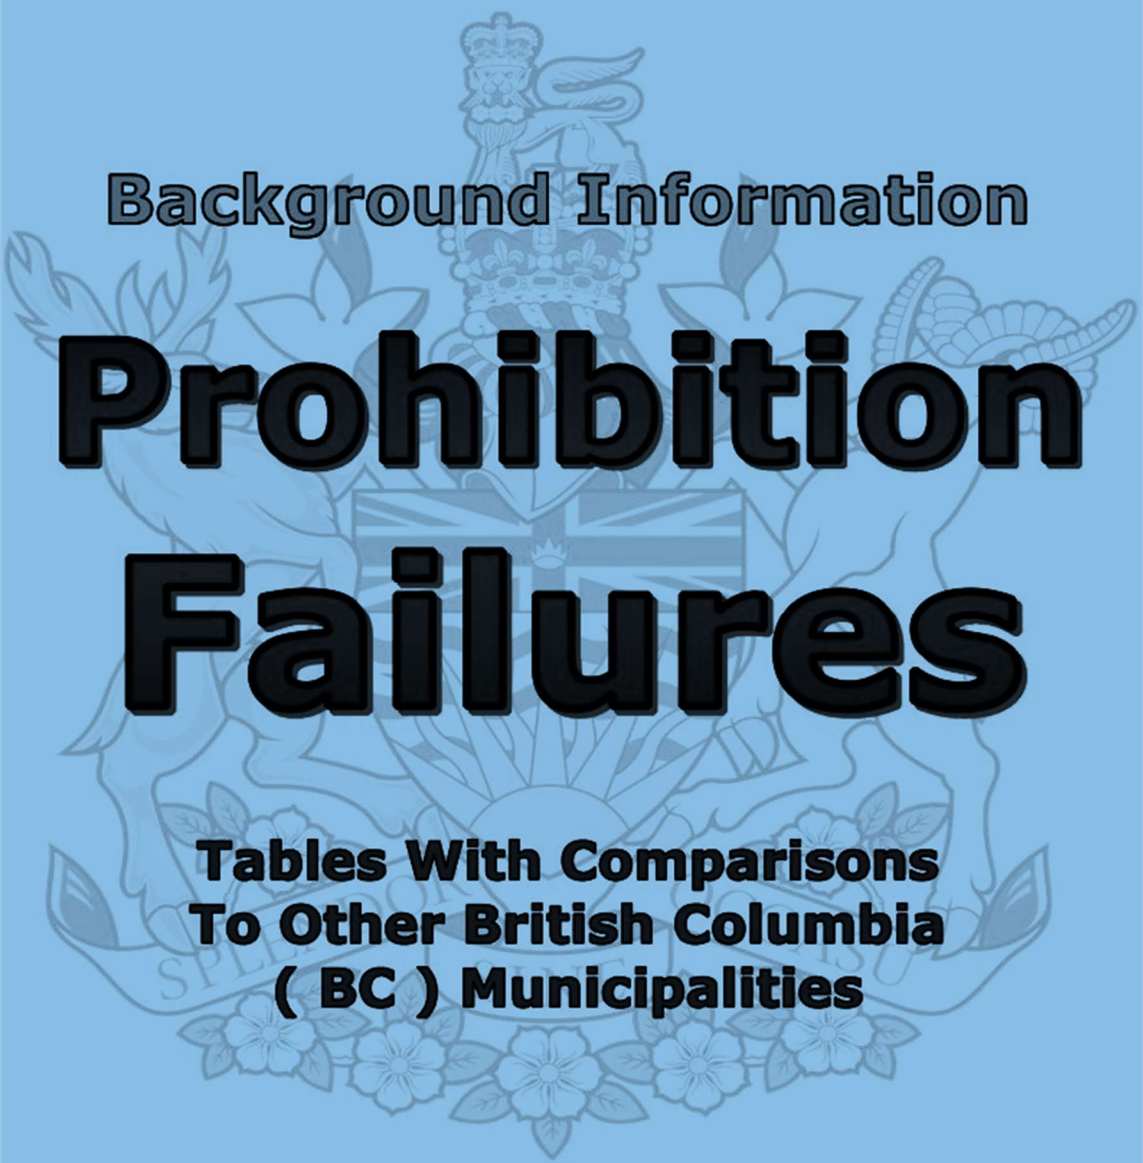

This is inconsistent & unfair !

Golden's councillors have been allowing pest control applications WHEN IT ARBITRARILY SUITS THEM !

This EXCEPTION STATUS for PUBLIC INFRA-STRUCTURES begs the question ...

... if it is safe for children and adults to walk and play on or near herbicide-treated public infra-structures, then why is it not safe for them to walk and play on herbicide-treated lawns ?!?!

There should be NO #@!!% exception statuses whatsoever !

PROHIBITION FAILURES

BC MUNICIPALITIES WITH PROHIBITIONS THAT HAVE ALLOWED INCONSISTENT & UNFAIR EXCEPTION STATUSES SPECIFICALLY FOR ...

Coquitlam — Rose Gardens

Golden — Urban Forests

Kamloops — Greenhouses,
Fruit Gardens & Fruit Trees

Kelowna — Fruit & Vegetable Gardens

Nanaimo — Greenhouses

Qualicum Beach — Lawn Bowling Club

Salmon Arm — New Parks, New
Lawns (Seeded), Sports Fields,
Urban & Rural Fruit Trees

Victoria — Commercial, Institutional,
Industrial Properties, & Urban Forests

And more

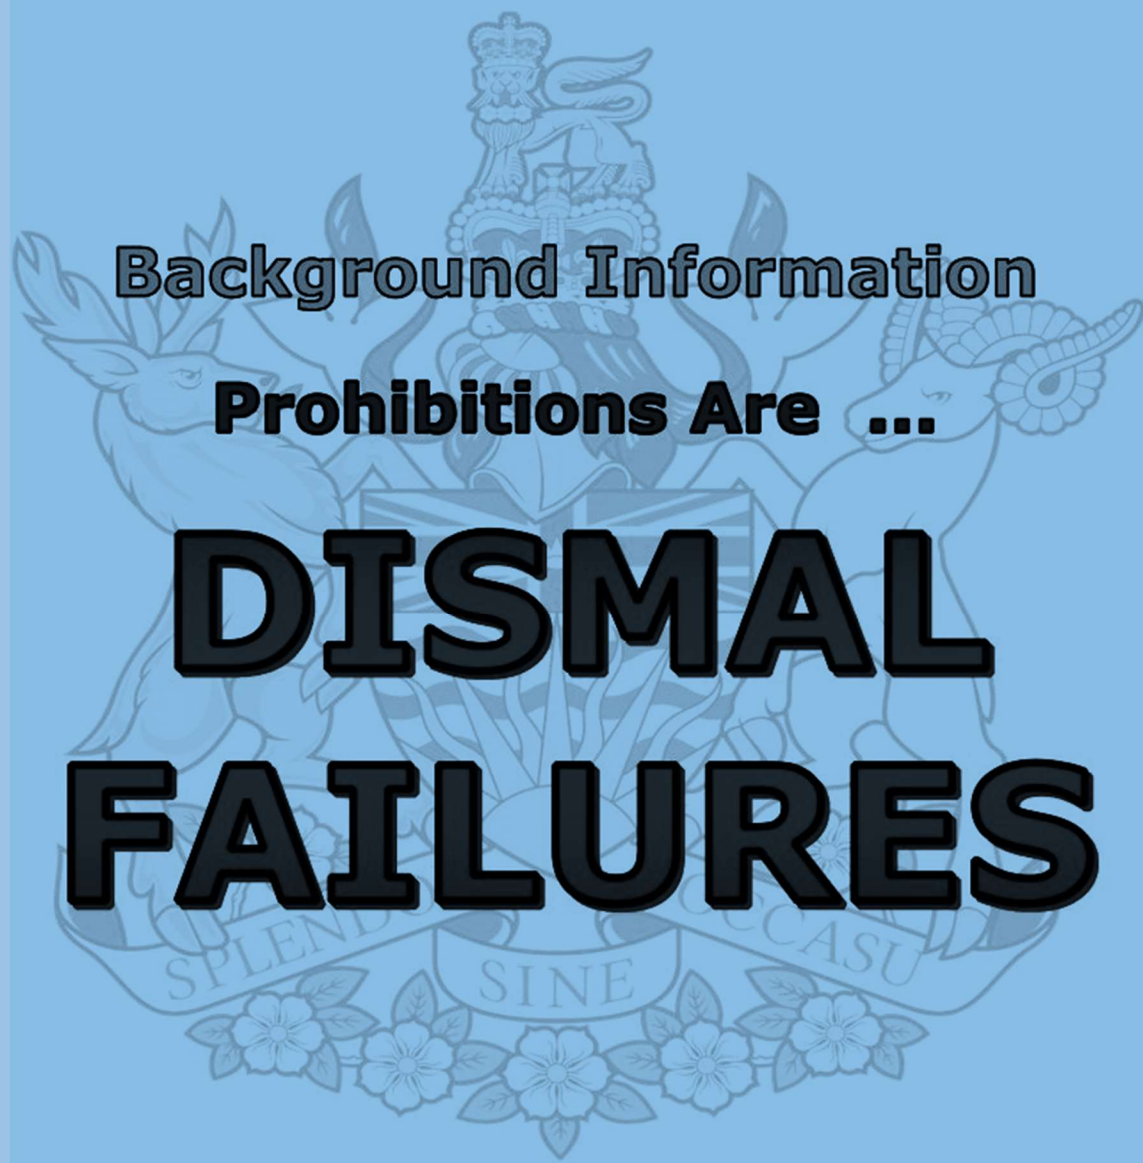

PROHIBITION FAILURES

BC MUNICIPALITIES WITH PROHIBITIONS THAT HAVE INFLICTED STUNNINGLY EXORBITANT COSTS

Campbell River — **\$107,000** For IPM Program
Coldstream — **\$6,000** Weekly For Ball Diamond
Coquitlam — **\$1,000,000** Over 10 Years *
Delta — **\$400,000** For Lawn Bowling Club
Kamloops — **\$100,000 & More Per Year** *
Kelowna — Added Cost Of **\$700,000** *
Langley — At Least **\$60,000** Per Year *
Port Alberni — **\$30,000** Per Year *
Revelstoke — Increase Of **\$20,000** *
Richmond — **\$250,000** Per Year *
Surrey — **\$1,000,000** Per Year *
And more

* to maintain pesticide-free public green spaces

DISMAL FAILURES

FORCE OF NATURE | DARING TO DEFY BY EXPLORING THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE
National Organization Responding Against H.U.E that conspire to destroy the Green space and other industries (NORAHG)

Background Information

✓ **FACTS** About Stunningly Exorbitant Costs Of Prohibition

✓ **FACT** — Anti-Pesticide Prohibitions Inflict The Catastrophic Financial Carnage Of Stunningly Exorbitant Costs Of Maintenance On City-Owned & Residential Properties

✓ **FACT** — Pesticide-Free (a.k.a. Organic) Maintenance Practices Have Been Dismal Failures

✓ **FACT** — It Was/Is Impossible To Control Damaging Pests Of Turf & Ornamentals Without Conventional Pest Control Products

✓ **FACT** — In ALL Jurisdictions, Prohibitions Have Inflicted Hardship & Unbelievable Burdens To The Tax-Payers, With Hundreds Of Millions Of Dollars In Needless Costs Throughout North America

✓ **FACT** — No One, Except Pesticide-Hating Fanatical-Activists, Want The Hardship & The Cost Of This #@!% Nonsense

✓ **FACT** — Prohibitions Have Cost Municipalities Tens-Of-Thousands, & Even Millions-Of-Dollars Per Year, In Order To Maintain Green Spaces & Hard Landscapes With Pesticide-Free Practices

✓ **FACT** — For Municipalities With 100,000 Residents Or More, The Cost Of Maintaining Pesticide-Free Public Green Spaces Has Been \$100,000 Or More Per Year

✓ **FACT** — For Municipalities With 250,000 Residents Or More, The Cost Of Maintaining Pesticide-Free Public Green Spaces Has Been \$250,000 Or More Per Year

✓ **FACT** — For Municipalities With 400,000 Residents Or More, The Cost Of Maintaining Pesticide-Free Public Green Spaces Has Been \$1,000,000 Or More Per Year

✓ **FACT** — For Small Municipalities, With Less Than 50,000 Residents, Maintaining Pesticide-Free Properties Has Led To Cost Increases Of \$30,000 Or More Per Year When Relying On The Failed Practices Of Integrated Pest Management (IPM)

✓ **FACT** — Maintaining A Small Number Of Pesticide-Free Sport Fields Has Led To Cost Increases Of \$30,000, Or More, Per Year When Relying On Fiesta Green Alternative Herbicide – A Product That does Not Work

✓ **FACT** — In One Case, A Lawn Bowling Club Spent A Stunningly Exorbitant \$400,000 For The Installation Of Artificial Grass, Because Of Prohibition

✓ **FACT** — Maintaining Pesticide-Free Hard-Surfaces & Infra-Structures, When Using A Two-Man Crew For Manual Weed Picking, Has Cost At Least \$60,000 Per Year

✓ **FACT** — Municipalities Are Not Able To Afford The High Cost Of Labour Needed To Manually Remove Millions Of Pests

✓ **FACT** — Some Municipalities Have Been Maliciously Extorting The Purchase Of 50-Dollar Predatory-Permits For Every Single Pest Control Treatment On Residential Properties

✓ **FACT** — The Carnage Is High ... The Cost Of This #@!!% Nonsense In The Hundreds Of Millions Of Dollars

✓ **FACT** — Municipalities Cannot Afford This #@!!% Ban Nonsense !?!

SUMMARY

Pesticide-free maintenance practices (a.k.a. organic) are stunningly expensive and not economically viable.

Anti-pesticide prohibitions have created catastrophic pest problems that have invaded city-owned & residential properties, have inflicted garbage dump green spaces, and have cost stunningly exorbitant amounts of money !

These problems have come as no surprise to observers who have repeatedly warned that it is impossible to keep from becoming pest-infested & dangerous garbage dumps unless conventional pest control products are allowed.

The stunningly exorbitant costs of pesticide-free (a.k.a. organic) maintenance practices are due to factors such as green alternative pesticides, manual labour for weed-picking, and re-construction.

No one living in prohibition jurisdictions wants to live in #@!!% weed-infested, insect-damaged, and expensive garbage dumps !

Consequently, prohibition has been a dismal failure for jurisdictions throughout North America !

Who can afford this #@!!% ban nonsense ?!?!

GREEN ALTERNATIVES ... BOGUS & DISMAL FAILURES — [LINK](#)

<http://pesticidetruths.com/toc/green-alternatives-bogus-dismal-failures/>

Background Information

✓ **FACTS About Green Alternatives**

✓ **FACT** — Green Alternative Pesticides Are Bogus & Dismal Failures — They Do Not Work, & They Are Not Innovative Products

✓ **FACT** — There Are No Green Alternatives That Work

✓ **FACT** — There Are No Viable, No Efficacious, No Economical, & No Low-Risk Alternatives To Replace Conventional Pest Control Products

✓ **FACT** — Green Alternative Pesticides Are Somehow Validated By Pesticide-Hating Fanatics Who Merely Concoct Myths Against Conventional Pest Control Products

✓ **FACT** — It Is Impossible For Home-Owners, & Even Professionals, To Protect Their Properties From Damaging Pests By Relying On Green Alternative Pesticides

✓ **FACT** — There Is No Such Thing As Non-Toxic Alternatives To Conventional Pest Control Products

✓ **FACT** — By Definition, Alternatives Are Inferior, Which Is Why They Did Not Win The Market-Place Originally

✓ **FACT** — Government Regulations That Arbitrarily Prohibit Conventional Products But Not Green Alternatives, Will Not Stop The Public From Realizing That A Large A Quantity Of Deliberate Mis-Information Is Being Spread By Officials

✓ **FACT** — Overall, Green Alternative Pesticides Are Ineffective, Inadequate, Inferior, High-Risk, More Toxic, & Stunningly Expensive

✓ **FACT** — In Many Cases, Green Alternative Pesticides Are Questionably Higher In Toxicity, & May Pose Higher Environmental Risks

✓ **FACT** — Many Green Alternative Pesticides Are Not Federally Registered & Are Not Proven To Be Scientifically Safe

✓ **FACT** — Green Alternative Pesticides & Even Organic Fertilizers Often Contain Living Pathogenic Organisms, Fermented Materials, Or Metals That May Be Deemed Unsafe For Children, Adults, & The Environment

✓ **FACT** — To Effectively & Safely Control Damaging Pests, Conventional Pest Control Products Are Absolutely Necessary — They Are Safe, Effective, Economical, & Low-Risk

✓ **FACT** — A Safe Economical Well-Maintained Lawn Can Only Be Achieved With Conventional Pest Control Products & Fertilizers, & Not With Pesticide-Free Organic Practices

SUMMARY

Why does anyone listen to pesticide-hating fanatics?!?! Pesticide-free maintenance practices (a.k.a. organic), proposed by these fanatics, are stunningly expensive due to factors such as green alternative pesticides, manual labour for weed-picking, and re-construction. Who can afford this #@!!% organic nonsense?!?!

There are NO economical, NO viable, NO efficacious, and NO low-risk alternatives to replace conventional pest control products. Green alternative pesticides are bogus and dismal failures — they DO NOT WORK. By definition, alternatives are inferior, which is why they did not win the market-place originally. And, they are stunningly expensive. Who can afford this #@!!% alternative nonsense?!?!

FORCE OF NATURE | DARING TO DEFY BY EXPLORING THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE
National Organization Responding Against HUE that conspire to destroy the Green space and other industries (NORAHG)

We Speak The Whole Truth About Prohibitions From An Independent Perspective !

We are the National Organization Responding Against HUIE that conspire to destroy the Green space and other industries (NORAHG). As a non-profit and independent organization, we are environmentalists who are dedicated to reporting about truth-challenged pesticide-hating fanatics (HUIE) who conspire to destroy businesses that are dependent on the use of safe and effective conventional pest control products. We also report on the work of several highly-rated leading experts who have recognized expertise, training, and background in matters concerning pest control products, and who promote environmental realism and pesticide truths.

Not surprisingly, enviro-fanatics have demonstrated that they are incapable of processing overwhelming scientific evidence. Should we trust these fanatics, who conveniently ignore scientific evidence, and attempt to impose their politicized-doctrines and twisted life-style choices against our society ?!?!

NORAHG was the brain-child of Mr William H Gathercole and his colleagues in 1991. Mr Gathercole is now retired, although his name continues to appear as founder. We dare to defy the pesticide-hating fanatics by exploring the whole truth from an independent perspective on The Pesticide Truths Web-Site ... <http://pesticidetruths.com/> If you wish to receive free reports on issues that concern you, please contact us at ... force.of.de.nature@gmail.com WILLIAM H GATHERCOLE AND NORA H G
